This plan of hard roads has the support of some of the most eminent thinkers, statesmen, and public

spirited citizens in Illinois. The plan is a vast one, and occupies an important place in the future development of transportaion.

It has been recognized for some time that the militia is not the most effective means of protecting the states against internal disorders. The reason why this is so is that the National Guard is primarily a military organization, while what the states need for putting down disturbances been upset, which is awkward for within their borders is an effective police force. Until within the past few years this distinction between military and police duties within a state has not been clearly drawn. What has become known as the

state constabulary has nothing whatever to do with military service. Under the constabulary system the state has a picked body of men ready for instant call to put down disorders at any place within its borders. Its powers are solely police powers. It is purely and simply a state police

Pennsylvania was the first American commonwealth to establish the tate constabulary. It has been in operation there for years and has ustified its existence time and again. As the Indianapolis News well says, day Sunday at Clear Lake. the working man in Pennsylvania joins the National Guard with the certainty that he will not be called order the constabulary attends to it better than the guard could, for tha is its business and it owes allegiance to no institution but the state

CHICAGO SWITCHMEN RESUME WORK MONDAY

Men Return to Work After All east of the Rockies today, causing se-Night Conference

Railroad Men Declare Any Freight Congestion Will Be Cleared Wiithout Delay-Strikers Lose Chief Point for Which They Were Con-

Chicago, July 30 .- The movement of freight into and thru Chicago, impeded since Saturday morning by the strike of switchmen affiliated with the Brotherhood of Railroad Traintoday with the settlement of the

Hold All-Night Conference. The men returned to work this morning after an all-night conference nineteen roads involved.

James Murdock, vice preseident of the strikers' brotherhood, and representatives of the three other chief railroad employes' organizations, the Brotherhood of Locomtive Engineers, the Bortherhood of Lo-comotive Firemen and the Order of broken here today. One death and Railway Conductors.

Railroad men declared that any ed freight congestion will be cleared up without delay.

and prices soared 50 and 75 cents a day. barrel. The sudden peace added to large shipments brought about the

men the chief point for which they one-inch rain fall. It was the first were contending-preferential treatment of union members in the employment of new switchmen. Board to Settle Point.

Preferential treatment in the em ployment of yard masters is to be settled by a joint board. By the terms of the settlement the men returned at once without prejudice or loss of seniority.

A report circulated here today that threats of universal drafting of striking switchmen had been a powerful factor in bringing the strike to

by the railroad men and employes. L. E. Sheppard, president of the Order of Railway Conductors said that there had been no intimation from any source that the government planned to take any unusual step to end the strike. He added that he had never participated in any strike conference where there had been so few personal differences to be ironed out before peace could bee reached.

EXTENSIVE HEAT WAVE **OVERSPREADS COUNTRY**

WASHINGTON, July 30 .- The summer's most extensive heat wave overspread almost the entire country vere suffering in the cities, scores of heat prostrations and a few deaths. Little relief is promised before late of war or the secretary of the navy. in the week, except for local areas. "8—Information of the time of No general rains to cool the superheated atmosphere, were in sight on the weather map tonight.

Official reports to the weather bureau today showed 106 degrees at Concordia, Kan., the hottest spot on the map, 104 at Omaha, 100 at Albany, N. Y., 98 at Chicago and Boston, 96 at Philadelphia, Washington and Baltimore and temperatures almen, was resumed on a normal basis most as high in many other cities. Only in the northwest, the northern lake regions and Maine did the heat show signs of moderating today.

One Death from Heat Boston, July 30 .- One death and between the general manegers of the nearly a score prostrations resulted today from the hottest wave that has spread over Greater Boston in the

> Evidence of tireless German ac tivity in propaganda has been produced to indicate that Carl Heynen, recently arrested in the United States, was very intimately connected with the German spy system there and that men who formerly reported to him are continuing their efforts. One man who the agents of the

United States are watching is Richard Everbusch, German consul at Tampico. Mr. Everbusch was the business partner of Haynen. Every other government has decreased its consular representatives in Mexico, but Germany has kept a full list list there and Minister Von Eckhardt has been at the capital since the overthrow of Huerta.

It will be pointed out to the Mexican government that in the event of reasonable proof of undue activities by any German council or diplomat precedent for expulsion from the country can be found in the cases of Dumba, Von Papen and Boy-Ed.

The American government is not concerned greatly that Mexico is being used as a relay point for military information, as it is over the German propaganda eminating from Mexico and over the possibility of curtailment of the Mexican oil sup-The recent strikes in the Tampico oil region have caused some working thru the I. W. W.

Recently increased taxes on rude petroleum and its derivatives already have resulted in a voluminous correspondence between the state departments of the two governments, but danger of any curtailment of the supply by reason of that has passed, most of the operators out protest.

SWEDISH ARMY OFFICER'S

of his life, the career of onicers in the Swedish army offers little inducement. The discussion attending a movement to increase the pay of officers has been pointed by the following 'instance, which is declared to be average and typical.

The officer in question served three years as second lieutenant without pay and five years more in the same grade at \$144 a year. He was then for five years first lieutenant at \$280 a year, then for seven years regimental adjutant at \$367 yearly, and five years regimental quartermaster at \$568 yearly.

At the age of 46, after 25 ears' service, he became capatin and received \$906 a year for 1 1-2 years. For the next four years he received as major the yearly pay of \$1,405. FOR SALE-120 acre farm, \$6,000. and then became lieutenant colonel at \$1,750. His retirement pension was \$960 a year.

The officers cannot, of course, support themselves and buy their uniforms on their pay. They must either have independent incomes, make a rich marriage or else devote their little spare time to profitbringing outside work.

SET DATE FOR TRIAL

Springfield, Mo., July 30-The cases of seven persons charged with the house today by Representative kidnapping conspiracies and brought here from St Louis to Stockton, Mo., have been set for trial on the second Monday in September in the ence would inure to the benefit of Webster county court at Marshfield Mo. The prisoners were brought clared, releasing a large number of here for a hearing on their request British troops for war service. for a change of venue was granted.

are already forming in Mississippi for a spirited political contest in the primaries next year for the United States senatorship now held by James K. Vardaman, whose term will expire March 4, 1919. That Senator Vardaman will have plenty of opposition in his fight for re-election is evident. Byron P. Harrison, now serving his fifth term as representative from the 6th congressional district, has virtually thrown his hat into the ring. Friends of Congressman Harrison figure that if the war s short he will have a good chance against Mr. Vardaman, but if it is ong drawn out, entailing heavy ex-

erable advantage over the congressman who favored getting into it. Congressman Harrison, however, not likely to have the field to himself in the race against the senator In political circles frequent mention is heard of the names of Governor Theodore G. Bilbo, former Governor Earl Brewer, and Congressman T. U. Sissons, each of whom, it is believed, would be glad to relieve Senator Vardaman of the toga.

OF "H. C. L." New York, July 30 .- To tackle the problem of high prices from a new angle was the purpose of a conference which met here today in response to a call issued by the National committee on the high cost of living. Government control of natural resources and legislation along single tax lines are the chief remedies proposed to meet the situation. The program advocated by the conference calls for a "federal tax of 1 per cent on the value of all land and 2 per cent tax on the value of all unimproved land, and federal acquisition of all natural resources, coal, ores, oil, timber lands and water pow'r, the owners to be paid nothing for good will nor for the value given by nature, and the product to be sold, at least during the war, at cost."

BOND PAYMENT TODAY.

Washington, D. C., July 30 .- The third payment of 20 per cent for subscribers to the Liberty Loan who bought bonds on the installment plan, was due today. This brings the total payment up to 40 per cent, two per cent having been paid on application and 18 per cent representing the first payment on June 28. The next payment of 30 per cent is due they were caused by German agents on August 15 and the final payment of 30 per cent on August 30.

SPY'S DEATH FOR THE

This is the Story About M. Swarz-Kopensky Who Lectured Here— Was Arrested as German Spy and Sent To England.

Many persons in the large audience who heard M. Swarzkopensky at the Christian church here several months ago will read with something of a thrill that "the czar's body guard" has been executed in England as a German spy. Before coming to Jacksonville Swarzkopensky appeared in a number of Illinois cities under the such a comparatively short tin.e and auspices of societies and churches. He laid much stress upon the claim likely to bring home to people someczar and was sent to Siberia because of his refusal to shoot at a mob and subsequently after a thrilling journey ment, and while the days of suspicion of six or eight months, escaped from should not come, there are very likethe country.

A month ago the story came back to Jacksonville that this Russian was ot what he seemed and that he had been under surveillance of the secret service of this country and had been recently Rock Island papers printed a story claimed to be authentic that Swarzkopensky was taken from Chicago to Washington and indisputable ther went on to say that the spy had been deported to England where similar charge was lodged against him and he paid the death penalty.

Varied Impression.

had consumed so much of the time CZAR'S "BODYGUARD" in references to himself. No admission was charged to the lecture but the speaker took up a collection and the day following it was learned that he had been quite bitter in his comment because the amount in the baskets was so small. He referred to Jacksonville as the cheapest city he had ever been in and used language not in the prayer book. It was reported at the time that he expressed his displeasure because he could find no whisky here.

At any rate, reauing something of this man's story and remembering Springfield, Peoria, Rock Island and that fact that he was here winin then died a death of a spy, will be that he had been a bodyguard of the thing of the reality of this war. The country is said to be full of secret service agents of the kaiser's government, and while the days of suspicion ly to be some unusual developments along this line in coming months.

AGED WINCHESTER MAN SUMMONED BY DEATH

John W. Roark Died Early Sunday Morning After Long Illness-Winchester News Notes.

John Wilson Roark passed away at a hospital in Jacksonville Sunday morning at 1 o'clock. Deceased was born Dec. 4, 1844, in Win-chester, spending his entire life here. He was the youngest child of Timothy and Mary Roark. The family were of Scotch-Irish descent and came to this country about Mr. Roark was married July 17, 1864 to Martha J. Summers. who preceded his in death seven years, passing away July 20, 1910. There were four children born to them: Bertha Roark, who passed away a number of years ago; Ella Roark, who died in January, 1916; Mrs. A. E. Marshall, who resides in Herbsfield, N. Dakota, and Joseph T. Roark of Winchester. Deceased is survived by one sister, Mrs. Julia Two sisters preced-Biernbraurer. ed him in death.

Mr. Roark was a Union soldier a member of Co. I, 70th Illinois infantry. By trade he was a jeweler and watchmaker, and he practiced in Winchester for thirty ears, ten years of which he spent in one location on the west side of the square. Eight years ago he suffered a stroke of apoplexy from which he never recovered. Mr. Roark was a member of the Modern Woodmen and was a citizen who enjoyed the highest respect of all. For many months he had been in serious condition, arterio sclersosis attended by softening of the brain, was the immediate cause of death.

The funeral services will be held from the residence of the son, Joseph Roark, Wednesday afternoon, August 1, at 3 o'clock, the Rev. C. W. Caseley, pastor of the Winchester E. church, officiating. Burial will be made in Winchester ceme-

SHOULD BE CAREFUL

OF HORSES Drivers of horses should be careful of their charges these hot days. Monday afternoon a horse was overcome by heat at the intersection of South West and Anna streets. The animal seemed to suffer greatly but the owner was finally able to get it away. Every precaution should be given horses while the present weather continues and it would be well for all owners of horses to caution their drivers about driving them too hard and it might be well for officers of the law to keep a lookout for careless drivers.

HARDIN AVE. WALK AGAIN COUNCIL THEME

Ordinance Will Be Drafted Later to Settle Matter—Other Sidewalk Measures Passed-Election Returns Canvassed.

Routine business occupied the attention of the city council at the regular session held Monday morning. The building of sidewalks in Hardin avenue, between East College and Routt streets, promises to become almost as famous as the Mathers street crossing of ancient days. M. Heffernan came before the council and asked for permission to lay his walk, but it was not granted as the council is still undecided as to the line on which the walks will be located.

When the clerk called the roll all were present. The minutes of the last regular session were read and approved.

Commissioner Martin for the department of Public Health and Safety reported the arrest of two bootleggers Saturday evening who had been fined and would be turned over to the federal authorities.

Commissioner Cox reported that his department was busy cutting weeds in the streets and that some of them had been cut twice. He also said that attention was being given to Canadian thistles.

The commissioner also called attention to the condition of East College avenue. He said a lot of dirt had been left on the street and that he believed that the Jacksonville Railway and Light company should be made to move it. He said that the job of putting back the brick in both East and West College avenues was a poor one and that the brick should be rolled. Mr. Cox also complained about the condition of South Main street and said that he thought the street should be put in condition. Mayor Rodgers said that it was the intention of the gas company to put concrete in the ditch and that it would be done soon.

Commissioner Cox reported that complaint had been made to him of I. Cohen & Son hauling dead stock thru the streets Sunday and the stench was so great that people could not stay on their porches. He wanted to know to what department the matter should be referred.

Mayor Rodgers told the commissioner that if he saw the hauling done he could make the arrest himself. The mayor said it would come under the jurisdiction of the health department and that the proper thing to do would be to have some one who witnessed the violation to swear out a warrant.

Commissioner Vasconcellos reported that he was waiting for pipe to be used in making the tests at the north end pumping station. He reported that if the pipe did not arrive soon that the work would have to be stopped.

M. Heffernan then asked permission of the council to proceeed with OF PYTHIAS, 152 the building of a walk in front of Work in 3rd Rank tonight. his property in South Hardin avenue. All officers and the team rematerial there and that it was rather inconvenient to leave it lying in the front yard. He wanted to lay the walk on the line first given by the

engineer. Commissioner Widmayer said that the council was expecting to draft an ordinance for the entire street, that it would cover the walk of Mr. Heffernan for which special provision probably would have to be made. Commissioner Widmayer made a motion that Mr. Heffernan be allowed to build his walk. Then discussion came up as to what would be done in the matter of S. P. Carter's walk which is already laid. Commissioner Widmayer then withdrew his mo-

Martin Kinney of Arnett street was present and asked the council to take some action toward putting in a stretch of walk in front of the property of William Hackman which owners had offered to assist Mr. Hackman in putting down the walk, but that he would not consent. The council ordered the engineer to prepare plans for the walk.

Commissioner Widmayer spoke of the need of walks in West Independence avenue, between Church and Fayette streets. This led to a discussion of other walks, but no definite action was taken. An ordinance providing for side-

walks on both sides of West State street was given a second reading and adopted.

An ordinance was given a second reading for the building of sidewalks on both sides of South Main street. There was some discussion as to the width of the walks in the business district and no action was taken and a new ordinance was ordered drawn. The vote of the election held July 24 for motorizing the fire department and for the public improvement bond

deficiency was canvassed and a reso-

sitions defeated. The council on motion then adjourned until 0:30 o'clock Tuesday

A McCONNEL IN THE WAR

Since Morgan county began, unless it be the Spanish War, there has scarcely been a conflict in which some of the Murray McCon-

Gen Murray McConnel was the Indian wars and that with the Mormons; Col John L. was in the Mexican struggle; Major Geo. M. was in the Civil war, as was Capt. Edward.

As is known to some of our people, Major Geo. M. McConnel now resides in Fairhope, Alabama. The Major's second son is Wilfred Gillett McConnel, and he is a civil engineer, now engaged as Civil Engineer and den Manager of a large Tramway Light and Power company in Sao Paulo, Brazil. He has previously been in Necaxa, Mexico, for the same owners, the great Pearson company. The head of that corporation, Dr. Pearson, went down with his wife, on the Lusi-

W. G.'s wife was a Miss Johnson of Chicago, whose father was employed by the J. V. Farwell Co of Chicago.

This Mr and Mrs. McConnel were the parents of a son, Murray McConnel who evidently has some of his great-grandfather's fire and enterprise. The young Murray was twenty one years of age last November, and in February he left "Cornell," and, about that date, enlisted in the Aviation branch of the J. S. Army Signal Corps. He was sent to Mineola, Long Island, for is a regular aviator, ready for commission as a first-lieutenant in the ervice. He is awaiting his call,

and hoping to be sent to France. Altho the young patriot is not a native of Jacksonville, yet his connection with the McConnel and Gillett families will enlist the interest of our people.

EDWARD. D. HEINL

U. S. Government Indian Land Sale

For a Few Days Only!

The Private Oklahoma Indian Land Car

now in Jacksonville has been sent here for the purpose of advertising the opening of a half million acres of Choctaw and Chicasaw Indian lands, located in southeastern Oklahoma, which are soon to be sold by the U. S. Government-on easy annual payments. All in the Oklahoma oil belt.

This Car Spells Opportunity to You!

THE GREAT NEW STATE OF OKLAHOMA rolls in liquid wealth. Thousands made rich. Oil hits top at \$1.70 a barrel! State produced 157,000,000 barrels last year. Throughout the oil fields are wonder examples of fame and fortune gained at the rush of oil. Dan Tucker, 10-year-old boy, gets \$190 daily, oil royalty. Sarah Rector, a colored child, receives fifteen thousand dollars monthly. Henry Page, former railroad brakeman, gets one hundred thousand dollars monthly from oil leases. Roy Johnson, a Michigan printer, cleared a hundred thousand dollars on a two hundred dollar investment. Cole McGhee, Oklahoma carpenter, made \$83,000 on one hundred and seventy-five dollar investment. Hundreds of others, purchasers of cheap Indian lands, and heirs to Indian allotments, have reaped huge fortunes from oil royalties.

This is the chance of a lifetime, as the government does not require you to live on these lands or improve them, and they can be bought direct from the U.S. Government at a few dollars per acre on easy payments. Irrigation not necessary. Forty-five inches of rainfall, agricultural, grazing and timber lands, close to railroads and

prosperous, growing town. The Oklahoma Indian Land Car contains an extensive display of Oklahoma products, both agricultural and mineral, as well as numerous photographic views of western development. For those interested in the Indian lands we have maps, charts, plates, blue prints, etc., and skilled demonstrators are on hand at all times to acquaint the public with the terms and conditions.

DON'T FORGET

The population of the United States doubles every thirty years, but there never will be any more land than there is today. Think it over. Open daily and Sunday, 9 to 12 a. m., 1 to 6:00 u. m. and

Lemons Whiten and Beautify the Skin! Make Cheap Lotion

The juice of two fresh lemons strained into a bottle containing three ounces of orchard white makes a whole quarter pint of the most remarkable lemon skin beautifier at about the cost one must pay for a small jar of the ordinary cold creams. Care should be taken to strain the lemon juice through a fine cloth so no lemon pulp gets in, then this lotion will keep fresh for months. Every woman knows that lemon juice is used to bleach and remove such blemishes as freckles, sallowness and tan, and is the ideal skin softener, smoothener and beau-

Just try it! Make up a quarter pint of this sweetly fragrant lemon lotion and massage it daily into the face. neck, arms and hands. It should naturally help to whiten, soften, freshen, and bring out the hidden roses and beauty of any skin. It is

wonderful for rough, red hands. Your druggist will sell three ounces of orchard white at little cost, and any grocer will supply the lemons .-- Adv.

Carterville Lump and Nut Per Ton \$5.75 Some good quality sawed wood in stock. We believe early fuel buying this year will save money for the

consumer. J. A. PASCHALL East College Avenue Both Phones

% of a Cent Lower—Wheat Fin-ishes Unsettled at 5 Cents Off to

Chicago, July 30.—Largely as a result of settlement of the switchmen's strike holders of corn showd a disposition to indulge in genral profit-taking sales. Accordingly the market had a downward slant most of the time. With September \$1.63% to \$1.63% and December \$1.18% to \$1.18%. Wheat finished unsettld 5c off to 2c up at \$2.62 July and \$2.24 September. The outcome in oats ranged from 1c decline to 4c advance, and in provisions from a setback of 7c to a rise of 10@12c.

of 10@12c.

Selling pressure acted as a weight on the corn market throut the day except during a rather lively bulge at the outset. Unfavorable crop conditions in the southwest and west were chiefly responsible for the initial strength. It was not long, however, before gains disappeared and a sag begun which at no time subsequently was altogether overcome. In addition to the strike settlement a renewal of peace gossip tended in some degree to handleap the bulls. Auspicious growth conditions in the central states togther with an increase of Auspicious growth conditions in the central states togther with an increase of the visible supply total counted also on the bear side of the market. Welcome rains on both sides of the Canadian border giving relief from hot winds which had been threatening the spring wheat crop turned prices downgrade for the September delivery of wheat. July tho proved firm influenced by demand from a few belated shorts.

Oats swayed in sympathy with corn. Threshing returns showed heavy yields. Provisions averaged lower principally in consequence of a break which took place in hog prices and which in turn was due to resumption of work by the striking switchmen here.

STOCKS MANIFEST UNCERTAIN TENDENCY

Prices Close Steady Unchanged to Traders Experience No Difficulty in Forcing Importend Stocks under Saturday's Final Quotations Until the Last Hour

New York, July 30.— Little relief from the monotonous sessions of the preceding week was furnished by today's stock market, prices again manifesting an uncertain tendency in the dealings of recent months. Events over the week end were interpreted as favoring the long account but traders experienced no difficulty in forcing important stocks under Saturday's final quotations until the final hour, when the customary covering movement prevailed.

Rails were unresponsive to the better crop outlook and the settlemnt of the switchmen's strike albeit the latter was at no time a market factor and metals were seemingly indifferent to another advance in the price of high grade copper. Local monetary conditions were undisturbed by the payment of a 20 per cent liberty loan installment altho the amount payable from this center was roughly estimated at \$23,000,000. Call loans were renewed at 2½ per cent and time rates were easier.

Subscriptions to the new \$100,000,000 Canadian government loan were opened with every indication of a large demand. More gold went to Spain.

U. S. Steel and other industrials together with shippings made up the greater part of the day's business. Steel rose a point to 122% at the opening, fell to 122% and rallied later, closing at 124½, a net gain of 1. Total sales of stocks amounted to 352,000 shares. Aside from Liberty 3½s which ranged between 99.33 and 99.47, dealings in bonds were nominal at irregular changes. Total sales (par value) aggregated \$2.360,000.

United States bonds (old issues) were unchangedon call.

MADE, HE ASSERTS

Man Tells How Wife Finally Gained Relief-Lauds Tanlac

William Henderson, prominent local retired farmer of 810 West Lafayette avenue is a firm friend of Tanlac, the new medicine, because it aided his wife after dozens of other preparations had failed.

"It's a fact, my wife had tried dozens of medicines but none of them relieved her stomach trouble until she began using Tanlac," Mr. Henderson said on May 1. "Invariably after meals, gas would form in her stomach and she'd suffer severe pains. It was very hard for her to sleep at night and she seldom got to sleep before midnight. She always felt tired and worn out in the morning. Her feet and limbs would become terribly swollen, at times, too.

"The relief Mrs. Henderson has gained from one bottle of Tanlac convinces me that the medicine will soon completely overcome her troubles. She eats more heartily now and thoroughly enjoys her meals as the gas formations and pains in her stomach have ceased to occur. The swelling in her feet and limbs has gone down considerably and she's not so nervous now. She sleeps at night, too, and feels fine when she gets up in the mornings.'

Tanlac is now being introduced in Jacksonville at the Coover-Shreve Drug Co., East Side store, where a special Taniac representative is explaining the new medicine to the public daily. Taulac also may be obtained at the West Side store of the Coover-Shreve Co. It is sold in Waverly at the Wyle Drug Co.; in New Berlin at the New Berlin Drug Co.; in Ashland at H. O. Brownback's; in Versailles at A. G. Bates'; in Chapin at F. P. McKinney's; in Roodhouse at W. D. Berry's; in White Hall at the City Drug store; in Bluffs at F. T. Curtis', in Pittsfield at J. H. Barber & Co; in Loami at L. N. VanDeren's; in Divernon at E. G. Haug's; in Manchester at C. D. Chapman's and in Winchester at the City drug store .-

Everybody Happy

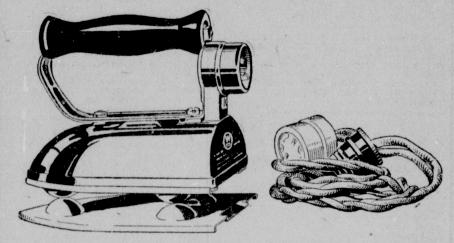

At Home or In the Office

Everything moves smoothly and without irritation—the necessary work becomes less irksome, and is accompanied with little fatigue, wherever Electricity reigns.

Hot Weather Has No Worries for the Electrically Equipped

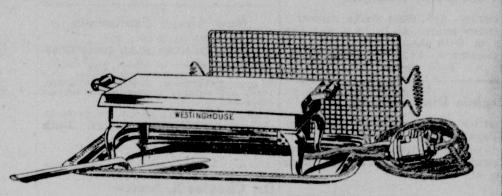

SPECIAL NOTICE!

Our House Wiring Campaign

with its special rates and easy terms, is still on. Investigate. No obligation entailed

ACT NOW

Every Home Should Be As Well Provided As The Modern Office

Perhaps you have thought of electric fans only as comforts for offices, stores, restaurants, lodge rooms and other public places. . But, "why under the sweltering sun" shouldn't you and your family be comfortable at home when it can be accomplished with so little trouble and expense? 'Phone us to send out a fan-they come in various sizes, suitable for small or large rooms, and the expense of operating is almost too insignificant to consider.

Then, there's the home keeper's comfort to be considered, and every one knows that if her home is so equipped that she is able to attend to her duties with but little trouble and in a pleasant way, it is well worth the price.

Why not invest in an electric iron, a toaster stove, an electric percolator, or any of the dozen little modern contrivances that make home life so joyous that you will wonder why you never thought of those things before. At any rate, drop in and talk it over with us or 'phone 580 (either phone) and we will send an expert to see you. If you have not "wired," by all means do so now.

MR. AUTO OWNER!

Why throw your old auto tires away when they are good for 2500 to 6500 more miles.

My method of taking two old tires and making one good one is saving thousands of auto owners from 50 to 75 per cent on their bills.

Send me two old tires and I will make one good tire that you can get from 2500 to 6500 more miles out of. In sending me tires be sure one has a good rim no matter how bad the tread is worn. For the other one that has a good tread no matter what cond.

If You Haven't a Tire with a Good Tread I Can Furnish You One

	PRICES FOR DOUBLE			TREADING	
SIZE	When you fur- nish both tires	When You Fur- nish one tire	SIZE	When you fur- nish both tires	
30 x 3	\$2.25	\$4.00	35 x 4	\$3.25	
30 x 3 1/2	2.50	4.25	86 x 4	3.50	
31 x 3 1/2	2.50	4.50	34 x 4 1/2	3.50	
32 x 314	. 975	A 75	25 × 416	9.75	

7.50 Where a tire is blown out an additional charge of 50 cents is made. Patches neces-

sary in a tire, an added charge of 35 cents for each 10 inch patch.

Tires sent to me should be prepaid as I pay no transportation charges either way. Carl G. Wiesenmeyer
